## Prospective Student Housing Information

Often for our students, the physical move to Austin is far more tedious and laborious than making the career move to study Traditional Chinese Medicine. To better assist your apartment or housing hunt, we have compiled a list of affordable local apartments and locating services that place students within close proximity to our facilities. We do not officially endorse any of these apartment companies, but they are good starting points.

### Apartment/House Locating Services, for sale or lease

- Austin Cool Properties 512.693.7231 ([www.austincool.com](http://www.austincool.com))
